

Arrikiati Wine List

We do not follow a specific conduct line in our Wine List.
We just want to play with wines we do enjoy to drink and that match our cuisine.

However, ALL the vineyards you will find in this book are like us :
Sensitive to the problematic of Ecology.
If not Bio certified, nature or biodynamic, they all share a green oriented philosophy
and are managing their production in an Eco-responsible way.

Following are a selection of bottles to be Delighted With !!!

You will Notice that MOST of them are French or Italian,
Perfect mix, like is our Franco-Italian couple!

You'd rather like a glass? We'll give you a suggestion!
We have a small wine by the glass selection, changing along with our menu!

Average PRICE PER GLASS : Between 8 & 12 Euros

Need a Hand To Choose?
I will Always be Happy Giving You Advices!

Winely Yours,
Delphine, forever Wine Enthusiast, For Arrikiati

One First Tip, Follow this Legend :

⊕ *Natural Wine - Suitable to Every Taste* / ⊕⊕ *Funky Natural Wine* / ⊕⊕⊕ *Quite Special, Reserved to Natural Lovers !*
