

Arrikiati Wine List

We do not follow a specific conduct line in our Wine List.
We just want to play with wines we do enjoy to drink and match our cuisine.

However, ALL the vineyards you will find in this book are like us :
Sensitive to the problematic of Ecology.

If not Bio certified, nature or biodynamic, they all share a green philosophy and are managing their production in an Eco-responsible way.

Following are a selection of bottles to be Delighted With !!!

You will Notice that MOST of them are French or Italian,
Perfect mix, like is our Franco Italian couple!

You'd rather like a glass? We'll give you a suggestion!

We have a small wine by the glass selection, changing along with our menu!

Need a Hand To Choose?
I will Always be Happy Giving You Advices!

Winely Yours, Delphine For Arrikiati

One First Tip, Follow this Legend :

⊕ *Natural Wine - Biodynamic wine* / ⊕⊕ *Funky Natural Wine* / ⊕⊕⊕ *Quite Special, Reserved to Natural Lovers !*
